CORPORATE STRUCTURE

Business Overview

The REIT is an unincorporated open-ended real estate investment trust governed by the laws of the Province of Ontario. The REIT was founded and sponsored by Inovalis SA, the Asset Manager, a company that was incorporated in Paris, France. The Units have been listed on the TSX under the trading symbol INO.UN since April 10, 2013. The head and registered office of the REIT is located at 151 Yonge Street, 11th floor, Toronto, Ontario, M5C 2W7.

The REIT's long-term objectives are to:

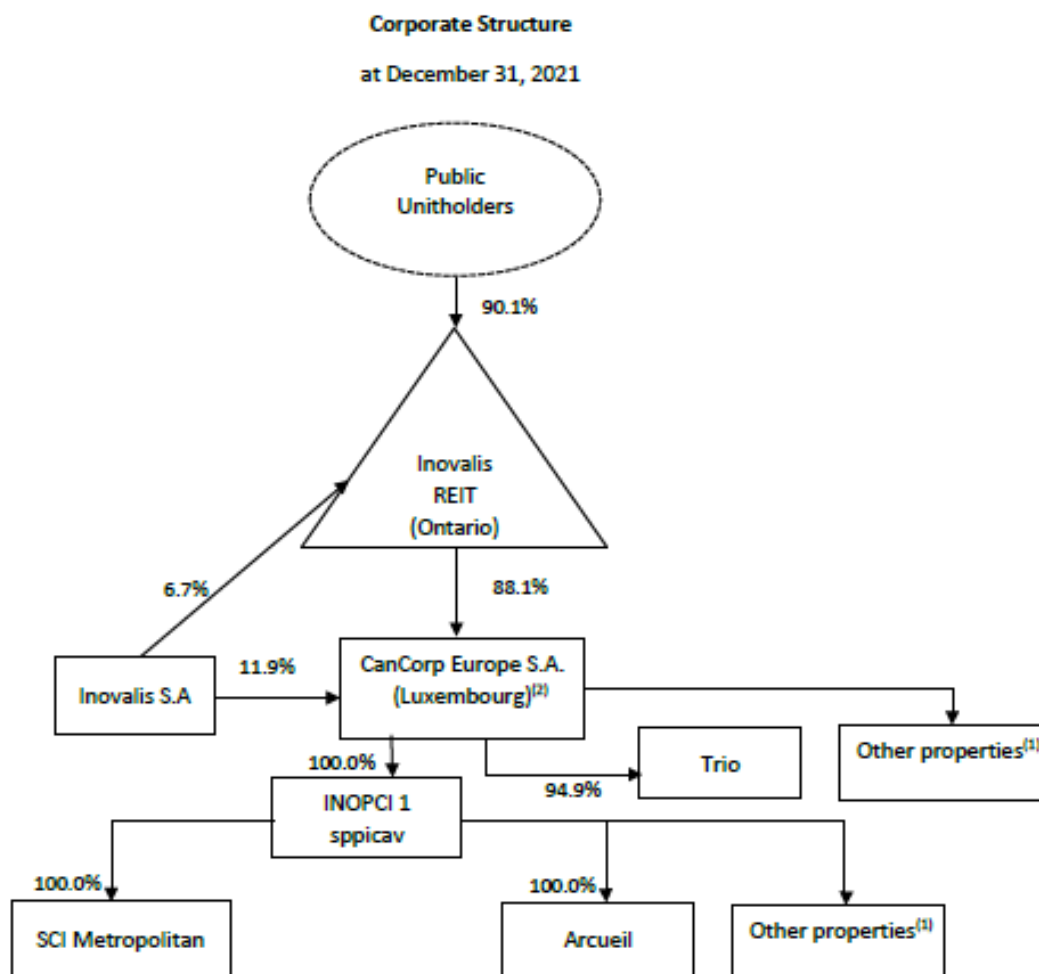

- generate predictable cash distributions on a tax-efficient basis from investments in income-producing office properties;
- grow the asset base, primarily in France and Germany, but also opportunistically in other European countries where assets meet the investment criteria;
- identify and sell assets having achieved exceptional valuation growth and redeploy the capital in selected assets with long-term high potential;
- Ensure distribution to Unitholders, through an accretive acquisition program that successfully leverages Inovalis S.A.'s extensive relationships and depth of commercial property and financing; and,
- maximize the long-term value of stable income-generating properties and the net asset value ("NAV") per Unit through active and efficient management.

The REIT's Investment criteria encompasses office properties outside of Canada with an occupancy level above 80% (unless AFFO accretive), secured rental cash flows, a property value between €20 million and €60 million (unless AFFO accretive) and a potential future upside with respect to matters including rent and area development. According to management, this target investment size falls within a very liquid segment of the real estate market in Europe, and debt financing for such acquisitions is readily available from local lenders.

In June 2021, the REIT and the Asset Manager agreed to certain goals and priorities for the REIT's ongoing business operations, including:

- reducing normalized AFFO distribution payout ratio <95% in 12 months and <85% within three years;
- exiting all existing joint ventures by the end of 2022;
- achieving three-year average AFFO/unit growth of 2-3% per year;
- evaluating the asset recycling Participatory Distribution program over a three-year period with the goal of increasing the overall distribution payout by a minimum of 10% annualized; and
- increasing the institutional shareholder base to 25% over three years.

ORGANIZATIONAL STRUCTURE

- (1) Other subsidiaries of the REIT holding an interest in the remaining properties in which the REIT has an interest, none of which individually represent 10% of assets or revenue of the REIT.
- (2) On June 30, 2021, the REIT completed the process of restructuring Luxembourg holding company ("Luxco") into a Specialized Investment Fund within the meaning of the Luxembourg law of February, 13, 2007.]

DESCRIPTION OF THE BUSINESS

General

At December 31, 2021, the portfolio of twelve properties in France and Germany in which the REIT has an interest was comprised of approximately 1.399 million square feet of gross leasable area. As of that date, the portfolio occupancy was 77.2 % (Investment Properties) and 82.6% (Total Portfolio) and had a weighted average remaining lease term of 2.6 years (Investment Properties) and 3.1 years (Total Portfolio). Six of the REIT properties are located in France and six are located in Germany.

The REIT properties are strategically located in major cities and town centers, generally in close proximity to public transit. Given their central and strategic locations, these properties are attractive to office, commercial, industrial and retail tenants.

Asset and Property Management Services

The asset and property management services for the REIT are provided by the Asset Manager and certain other entities on the terms set out in the Management Agreement originally entered into by the REIT on April 10, 2013, as amended and restated on April 1, 2018, May 15, 2018 and March 23, 2021.

Pursuant to the Management Agreement, the Asset Manager acts as the manager of the REIT and provides strategic, advisory, asset management, project management, construction management and administrative services necessary to manage the operations of the REIT. For purposes of the Management Agreement, a reference to the REIT includes its subsidiaries, as applicable. The address of the REIT is 52 rue de Bassano, 75008 Paris, France. The Asset Manager has over 300 employees as of December 31, 2021.

The Management Agreement has a term of two years commencing on April 1, 2021 and ending March 31, 2023, and may be renewed for an additional term of one year upon the mutual agreement of the parties. If the REIT intends not to renew the Management Agreement, it must

provide the Asset Manager with at least three months' prior written notice to this effect prior to the expiration of the term.

REIT Finance Functions

The Management Agreement has provisions for the internalization of the finance functions of the REIT (the "**REIT Finance Functions**") and a time to be determined by the Board of Trustees (the "**REIT Finance Function Internalization**").

Until the REIT Finance Function Internalization has been completed, the Asset Manager will provide all REIT Finance Functions. After the completion of the REIT Finance Function Internalization, all of the REIT Finance Functions shall be performed by the REIT, except for the role of CFO which shall continue to be performed by the Asset Manager.

Furthermore, the REIT has the option to internalize all management functions (the "**Full REIT Internalization**") at any time, in consultation with the Asset Manager, or at the REIT's sole option upon the REIT achieving a market capitalization of \$750,000,000. In any case, the REIT must provide at least six months' prior written notice to the Asset Manager if it wishes to effect the Full REIT Internalization.

Services of the Asset Manager

In connection with the Management Agreement, the Asset Manager provides the services of a senior management team to the REIT, including the following: assisting the REIT in selecting providers of property management services; advising the Board of Trustees on strategic matters (including potential acquisitions, dispositions, financings, development and redevelopment); providing services of management and executive personnel, including CEO and CFO; providing guidance to property managers on operating and capital expenditures; assisting the REIT with respect to investor relations strategies and activities; advising the REIT on regulatory compliance requirements, risk management policies and certain litigation matters, and coordinating with legal counsel in all jurisdictions to this end; providing all required documentation necessary for the REIT's continuous disclosure requirements; supervising and conducting all leasing services; providing construction management services; supervising property expansions, capital projects and development and redevelopment projects; identifying, evaluating, negotiating and assisting in structuring acquisitions, disposition and other transactions; supervising property management services provided by third-party providers; providing advisory, consultation and investment management services and monitors the financial performance of the REIT; advising and assisting with borrowings, issuances of securities and other capital requirements; making recommendations with respect to the payment of distributions; establishing and maintaining internal controls over financial reporting of the REIT; preparing all reports reasonably requested by the REIT; and providing any additional services as may from time to time be agreed to in writing by the REIT and the Asset Manager for which the Asset Manager will be compensated on terms to be agreed upon between the Asset Manager and the REIT prior to the provision of such services.

Notwithstanding the foregoing, it may at times be prudent for the Asset Manager to delegate certain of its responsibilities under the Management Agreement to a third party provider. As a result, the Asset Manager is entitled to subcontract certain of its obligations under the Management Agreement where it is appropriate to do so, except for its responsibility for ensuring the proper functioning of internal controls over financial reporting of the REIT, which cannot be delegated. Any such subcontracting will be done at the expense of the Asset Manager and will not relieve the Asset Manager of its obligations or liability under the Management Agreement.

Costs and Expenses

The Management Agreement has provisions for the allocation of costs and expenses as between the Asset Manager and the REIT. The REIT is obligated to reimburse the Asset Manager for all reasonable actual out-of-pocket costs and expenses incurred by the Asset Manager in connection with the performance of the services set out in the Management Agreement, except for any costs and expenses that have been specifically identified as being the responsibility of the Asset Manager.

The Management Agreement provides that the REIT and the Asset Manager are to agree to a budget for general and administrative expenses on an annual basis (the “**G&A Budgeted Amount**”), with any additional proposed expenditures to be approved by the REIT. The Asset Manager is obligated to reimburse the REIT for amounts in excess of the G&A Budgeted Amount based on the following scale:

Percentage of Excess over G&A Budgeted Amount	Percentage of Excess G&A to be reimbursed by the Asset Manager to the REIT
0% - 10%	Nil
10% - 15%	20%
15% - 20%	30%
20% - 25%	50%
25%+	100%

In addition, from January 1, 2021 until the completion of the REIT Finance Function Internalization, the Asset Manager shall reimburse the REIT for 50% of all costs related to the REIT Finance Functions.

Management Fees

In performing its obligations under the Management Agreement, the Asset Manager is entitled to receive the following fees from the relevant subsidiary of the REIT:

- a) an annual asset management fee (the “**Annual Asset Management Fee**”), payable quarterly in arrears, based on the percentage of assets under management in accordance with the following scale, provided that the Annual Asset Management Fee will be reduced by \$500,000 upon completion of the REIT Finance Function Internalization:

From \$1.0 billion to \$2.0 billion	0.4%
On \$2.0 billion and over	0.3%

- b) a leasing fee in an amount equal to 10% of the first year annual rent for lease renewals signed by existing tenants, payable on the signing of a binding lease, extension, renewal or amending document; provided that the Asset Manager is responsible for the fees of any external real estate agent retained to assist with a lease renewal or to find a new tenant;
- c) a construction management fee payable on capital projects in an amount equal to 5% of all hard construction costs incurred on a project excluding work done on behalf of tenants or any maintenance capital expenditures, which will be invoiced and paid together with the costs of the applicable capital project;
- d) an acquisition fee in the amount of 1.0% of the purchase price of any property acquired by the REIT or its subsidiaries payable on completion of each acquisition in cash, provided

that no such acquisition fee will be payable in respect of the acquisition of properties owned or managed by the Asset Manager;

- e) a disposition fee in the amount of (a) 1.0% of the gross sale proceeds of any disposition completed by the Asset Manager or (b) 0.5% of assets under management in the event there is a change of control of the REIT which results in the termination of the Management Agreement, a sale of all or substantially all of the assets of the REIT, or the sale or disposition of Luxco. In any case, a Disposition Fee will only be payable where the net proceeds of such sale or disposition are paid or distributed to Unitholders; and
- f) a general and administrative services savings fee, which shall be payable in the event that the actual G&A expenses of the REIT are significantly less than the G&A Budgeted Amount in accordance with the following scale:

Percentage of Excess over G&A Budgeted Amount	Percentage of Excess G&A to be reimbursed by the Asset Manager to the REIT
0% - 10%	Nil
10% - 15%	20%
15% - 20%	30%
20% - 25%	50%
25%+	100%

The Annual Asset Management Fee, leasing fee, construction management fee, acquisition fee, disposition fee and a general and administrative services savings fee are collectively referred to as the “**Management Fees**”.

At the discretion of the Board of Trustees, the Annual Asset Management Fee may be paid through the issuance of a note, which will be contributed by the Asset Manager to Luxco in exchange for Exchangeable Securities, in the form of Luxco Common Shares, Luxco Notes and NIB Notes in the same relative proportion of Luxco Common Shares, Luxco Notes and NIB Notes held by the Asset Manager immediately prior to the issuance of such Exchangeable Securities, subject to any required unitholder or regulatory approvals (including the approval of the Toronto Stock Exchange); provided that no less than 50% of the Annual Asset Management Fee will be paid to the Asset Manager in cash. The Board of Trustees has established a policy for determining the payment of these fees in Units or cash. The 2021 Annual Asset Management Fees were paid in cash and the Board of Trustees has determined that the 2022 Annual Asset Management Fees will also be paid in cash.

A copy of the Fourth Amended and Restated Management Agreement may be obtained by contacting the REIT at the address set forth under the section “[Additional Information](#)”. It is also available on the REIT’s website at www.inovalisreit.com and on SEDAR at www.sedar.com.

COVID-19 Pandemic

COVID-19 and the related government restrictions continue to have a significant impact on the global and Canadian economy since the onset of the pandemic in March 2020. Periodically, governments in France and Germany have introduced new or restored restrictive measures that resulted in many businesses closing or reducing their hours of operation of their own volition or to comply with government mandates. Challenges regarding vaccine hesitancy and the emergence of new variants of the COVID-19 virus persist and the duration and the impact of the pandemic remain uncertain. See "[Risk Factors – Public Health Crises / COVID 19](#)".

In 2021, the REIT's properties had an insignificant decrease in tenant occupancy that can be determined to be related to the effect of the COVID-19 pandemic in addition to routine vacancies that typically arise in the normal course of business. See "[Description of the Business – Real Estate Portfolio](#)". Management is actively working on leasing plans to replace these tenants. Management is obtaining at-market and above-market rent increases on renewals and new leases. Rents are being collected at the same standards as in the pre-pandemic period prior to March 2020.

The weighted average occupancy rate across the Total Portfolio, including properties owned through joint-ventures decreased to 82.6% from 90.3% as at December 31, 2020. The decline in occupancy rates is predominantly due to the departure of the main tenant from the Courbevoie property. The property is under conditional sale and management is terminating leases to meet those conditions.

(% of total GLA)

The above graph sets out the percentage of total GLA of the IP Portfolio subject to leases expiring by year (excluding early lease terminations).

Assuming all tenants leave at the earliest possible, exercising their early termination rights, which the REIT believes is unlikely, the average remaining lease term in the portfolio is 2.3 years.

The 2023 peak relates to the single-tenant Arcueil property.

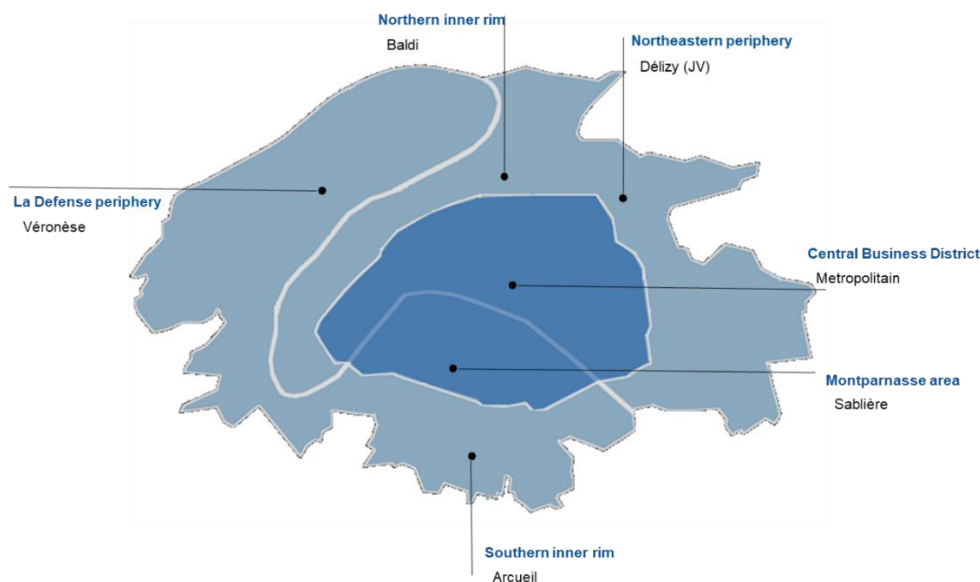

The above graph presents the percentage of total GLA expiring in the Total Portfolio by year (excluding early lease terminations). Including the joint venture properties, the average remaining lease term is 3.1 years (2.8 years including early termination rights).

In addition to Arcueil, the 2023 maturity for the Total Portfolio also includes the Neu-Isenburg property, in which the main tenant's lease (81% occupancy) expires in June 2023. Management is in negotiations for lease renewals at all of these properties.

Building Improvements

The REIT is committed to improving its operating performance by incurring appropriate capital expenditures to replace and maintain the productive capacity of its property portfolio to sustain its rental income generating potential over the portfolio's useful life.

In 2021 the REIT completed capital expenditures and tenant improvements of approximately \$1.9 million on its investment properties, compared to \$2.0 million in 2020.

Guarantees, Commitments and Contingencies

Guarantees provided by the REIT with respect to its bank debts include a preferential claim held by the mortgage lenders on the Veronese, Sablière, Baldi, Walpur and Trio 1, 2, 3 properties in the amount of \$116.0 million. The REIT also has a share pledge on the shares of SCI Baldi.

The companies Cancorp Trio 1, Cancorp Trio 2, Cancorp Trio 3, SCI Baldi, SCI Veronese, SCI Sabliere, SCI Jeuneurs and Walpur also need to comply with banking covenants.

Second rank mortgages on the building were granted by the company SCI Sabliere and third and fourth row rank mortgages on the building were also granted by the company SCI Veronese.

Finally, the company SCI Veronèse has granted a leasing cash reserve to the bank (Palatine) for \$1.438 million and the companies Cancorp Trio 1, Cancorp Trio 2, Cancorp Trio 3 have set up a capex reserve for \$3.575 million.

At December 31, 2021, the REIT was in compliance with all covenants contained in its mortgage loan documents except for the debt service covenants contained in the Sablière and Courbevoie loan documents which were breached. Pursuant to IFRS requirements, the breach of these covenants required the reclassification of a portion of the mortgage loans for these properties from non-current liabilities to current liabilities. This resulted in an adjustment of \$24.4M from non-current liabilities to current liabilities. This reclassification was necessary due to the year-end debt service covenant ratio not being met on the mortgage loans as at December 31, 2021.

The debt service covenant ratio for the mortgages requires a certain minimum level of occupancy and rental income for the respective properties. The REIT is recycling these assets for purposes that necessitate the termination of all leases on these properties and ultimately, complete vacancy. The REIT has been in communication with the lenders for both mortgage loans to review the asset recycling plans, refinance the loans and remediate the covenants that have been breached. To date, the lenders have not declared any default as a result of such breaches and have not requested the early repayment of the mortgage loans. Through correspondence with the lenders, there has been no evidence that would indicate that either of the lenders intend to call the principal on the loans, despite the breach of these covenants. The REIT continues to meet all other obligations, covenants, and payments required as per the mortgage loan contracts. If these breaches were to be enforced by the relevant lenders, a portion of the REIT's indebtedness may then become immediately due and payable. If the debt under these obligations or other debt instruments is accelerated, the REIT may not have sufficient liquid assets to repay amounts due thereunder. Following a comprehensive analysis by management that considered a wide range of factors related to the REIT's future cash flow, management has concluded that there are no material uncertainties related to events or conditions that may cast significant doubt upon the REIT's ability to continue as a going concern for at least the next twelve months.

Management has requested and expects to receive, formal waivers of these covenants by the lenders for a period of at least 12 months or a modification of the financing terms before the end of the year 2022.

Tenant commitments received

The companies SCI Metropolitain, SCI Veronese, SCI Sabliere, Cancorp Trio 1, Cancorp Trio 2 and Cancorp Trio 3 and Walpur received bank guarantees securing the rentals of certain tenants up to \$2.410 million.

DEBT PROFILE

Financing activities

The REIT's debt strategy is to have secured mortgage financing with a term to maturity that is appropriate in relation to the lease maturity profile of the portfolio and then to put such debt in place, when appropriate, by interest-only financings. REIT management prefers fixed rate financings or floating rate financings with a cap. On December 31, 2021, after taking into consideration the effect of interest rate swap (44%) and interest rate cap (8%) as well as fixed interest rates (21%), 73% of the REIT's long-term debt obligation has no exposure to interest rate risk.

The Operating Policies in the Declaration of Trust sets the maximum indebtedness of the REIT at 60% of Gross Book Value.

Key performance indicators in the management of the REIT's debt are summarized in the following table.

Financing Activity Metrics at December 31, 2021

	Investment Properties	Total Portfolio
Weighted average interest rate ⁽¹⁾	2.08%	1.99%
Debt-to-gross book value ⁽²⁾	36.1%	43.3%
Debt-to-gross book value, net of cash ⁽²⁾	26.5%	35.7%
Interest coverage ratio ⁽³⁾	2.6x	3.0x

(2) The definition of debt-to-gross book value and of debt-to-gross book value, net of cash can be found under the section "Capital Management" of the REIT's MD&A dated March 16, 2021 which is available on SEDAR.

(4) Calculated as the weighted average term on all the financial leases and mortgage financings. Taking into account the interest the REIT has in the properties held in partnerships.

Mortgages

The following graph sets out, as at December 31, 2021, the percentage of total mortgage principal installments and maturity balances of the mortgages (and any other loans) to be paid over each of the following ten calendar years.

Hedges

To mitigate against the risk of foreign exchange fluctuations on the distributions to our Unitholders, the REIT has established an active foreign exchange hedging program. As at December 31, 2021, the REIT was committed to sell €1.2 million (on average) at an average rate of 1.4666 and to receive CAD \$1.8 million on a monthly basis at an average rate of \$1.5267 until October 2022 (included). A new hedging contract has been established for the period from November 2022 to October 2024. Twenty-three monthly forward exchange contracts have been signed for the conversion of CAD\$2,200 at \$1.5263/EUR average exchange rate.

RISK FACTORS

The REIT is exposed to various risks and uncertainties, many of which are beyond its control, the occurrence of which could materially and adversely affect the REIT's investments, prospects, cash flows, results of operations or financial condition and the ability to make cash distributions to Unitholders. Management believes the risk factors described below are the most material risks that faced by the REIT, however they are not the only ones. Additional risk factors not presently known to management, or that management currently believes are immaterial could also materially and adversely affect the REIT's investments, prospects, cash flows, results of operations or financial condition and the REIT's ability to make cash distributions to Unitholders and negatively affect the value of the Units.

Risks inherent in the real estate industry may adversely affect our financial performance

The REIT is subject to risks involving the economy in general, including, among other things, inflation, deflation or stagflation, unemployment, geopolitical events such as the conflict between Russia and Ukraine and a local, regional, national or international outbreak of a contagious

disease, including COVID-19 and its potential intensification. Poor economic conditions could adversely affect the REIT's ability to generate revenues, thereby reducing its operating income and earnings. It could also have an adverse impact on the ability of the REIT to maintain occupancy rates which could harm the REIT's financial condition. In weak economic environments, the REIT's tenants may be unable to meet their rental payments and other obligations due to the REIT, which could have a material and adverse effect on the REIT.

In addition, fluctuation in interest rates or other financial market volatility may adversely affect the REIT's ability to refinance existing indebtedness on its maturity or on terms that are as favourable as the terms of the existing indebtedness, which may impact negatively on AFFO, may restrict the availability of financing for future prospective purchasers of the REIT's investments and could potentially reduce the value of such investments, or may adversely affect the ability of the REIT to complete acquisitions on financially desirable terms.

An investment in real estate is relatively illiquid. Such illiquidity will tend to limit our ability to vary our portfolio promptly in response to changing economic or investment conditions. The costs of holding real estate are considerable and during an economic recession the REIT may be faced with ongoing expenditures with a declining prospect of incoming receipts. In such circumstances, it may be necessary for us to dispose of properties at lower prices to generate sufficient cash for operations and making distributions and interest payments.

Financing risks, leverage and restrictive covenants may limit the ability for growth

The real estate industry is capital intensive. The REIT requires access to capital to maintain our properties, as well as to fund our growth strategy and significant capital expenditures from time to time. There is no assurance that capital will be available when needed or on favorable terms. Failure to access required capital could adversely impact investments, cash flows, operating results or financial condition, the ability to make distributions on the Units and the ability to implement the REIT's growth strategy.

As indebtedness increases there is risk that the REIT may default on its debt obligations. The ability to make scheduled payments on the principal of, or interest on, and to otherwise satisfy the REIT's debt obligations depends on future performance, which is subject to the financial performance of the properties, prevailing economic conditions, prevailing interest rate levels, and financial, competitive, business and other factors, many of which are beyond the REIT's control.

As a result of the REIT's asset recycling plan and the resulting lease terminations, the REIT is currently in breach of certain restrictive covenants contained in certain of its debt obligations relating to the debt service coverage ratio. See the section "*Guarantees, Commitments and Contingencies*". If these breaches were to be enforced by the relevant lenders, a portion of the REIT's indebtedness may then become immediately due and payable. If the debt under these obligations or other debt instruments is accelerated, the REIT may not have sufficient liquid assets to repay amounts due thereunder. The REIT has been in communication with the lenders for both mortgage loans to refinance the loans and remediate the covenants that have been breached.

Following a comprehensive analysis by management that considered a wide range of factors related to the REIT's future cash flow, management has concluded that there are no material uncertainties related to events or conditions that may cast significant doubt upon the REIT's ability to continue as a going concern for at least the next twelve months.

Management has requested and expects to receive, formal waivers of these covenants by the lenders for a period of at least 12 months or a modification of the financing terms before the end of the year 2022.

Concentration of tenants may result in significant vacancies in the Total Properties

Five of the REIT's largest tenants, by percentage of total GLA, occupy approximately 48% of the total weighted areas. Although all five tenants are committed to multi-year leases, which are set to expire gradually between 2023 and 2027, there is no assurance that such tenants will continue to occupy such premises for the remainder of their lease terms. Some of them have break options before the end of their leases, and the earliest dates on which those five largest tenants may effectively move range between 2021 and 2027. To minimize this risk of vacancy, the REIT will continue to closely monitor all leases and ensure that they work with the current tenants to determine their future leasing plans, which would allow the REIT to source tenants in advance of the current tenants vacating the property.

Lease renewals, rental increases, lease termination rights and other lease matters

Leases for tenants of the REIT properties will mature or expire from time to time. There can be no assurance that tenants will renew leases upon the expiration or that rental rate increases will be achieved upon such renewal. The failure to renew leases or achieve rental rate increases may adversely impact our financial condition and results of operations and decrease the amount of cash available for distribution.

Despite management's objective to maintain continuous occupancy of leased premises, tenants may fall into financial difficulty from time to time and there can be no guarantee that tenants will continue to occupy such premises nor be able to fully pay rent. In addition, certain leases contain a provision which gives tenants the right to terminate their leases upon payment of a penalty.

Environmental contamination on properties may expose us to liability and adversely affect our financial performance

The properties may contain ground contamination, hazardous substances, wartime relics (including potentially unexploded ordnance) and/or other residual pollution and environmental risks. Buildings and their fixtures might contain asbestos or other hazardous substances above the allowable or recommended thresholds, or the buildings could bear other environmental risks. Prior to acquiring the interests in the properties (including the leasehold interests), management undertook environmental studies on each property. No sign of pollution was evidenced on any of the properties.

The REIT is subject to various federal, state and municipal laws relating to environmental matters. Such environmental laws impose actual and contingent liabilities on the REIT to undertake remedial action on contaminated sites and in contaminated buildings. The costs of any removal, investigation or remediation of any residual pollution on such sites or in such buildings as well as costs related to legal proceedings, including potential damages, regarding such matters may be substantial.

The REIT has insurance in place to protect against certain environmental liabilities in respect of certain of the properties, with limits, which are customary and available for portfolios like the REIT's.

Necessary capital and operating expenditures are made to ensure compliance with environmental laws and regulations. Although there can be no assurance, management does not believe that costs relating to environmental matters will have a material adverse effect on our investments, financial condition, results of operations or distributions or cash interest payments.

The REIT may incur significant capital expenditures

Certain significant expenditures must be made throughout the period of ownership of real property, regardless of whether the property is producing sufficient income to pay such expenses. To retain desirable rentable space and to generate adequate revenue over the long term, we must

maintain or, in some cases, improve each property's condition to meet market demand, which can entail significant costs we may not be able to pass on to our tenants.

Any failure by the REIT to undertake appropriate maintenance and refurbishment work in response to the factors described above could entitle tenants to withhold or reduce rental payments or even to terminate existing leases. Any such event could have a material adverse effect on our cash flows, financial condition and results of operations and our ability to make distributions on the Units.

Changes in government regulations may affect the investment in the REIT's properties

The REIT is subject to laws and regulations governing the ownership, leasing or operations of real property, employment standards, environmental and energy efficiency matters, taxes and other matters. It is possible that future changes in applicable federal, state, local or common laws or regulations or changes in their enforcement or regulatory interpretation could result in changes in the legal requirements affecting us (including with retroactive effect). This may include sudden regulatory changes required for the safe occupancy of buildings during the COVID-19 pandemic. In addition, the political conditions in the jurisdictions in which the REIT operates are also subject to change. Any changes in investment policies or shifts in political attitudes may adversely affect our investments. Any changes in the laws to which the REIT is subject in the jurisdictions in which it operates could materially affect the rights and title to the properties. All the properties held directly or indirectly, by the REIT are located in France and Germany. Although the governments in France and Germany are generally stable and friendly to foreign investments, there are still political risks. It is not possible to predict whether there will be any further changes in the regulatory regime(s) to which the REIT is subject or the effect of any such change on investments.

Failure to receive deductions for interest payments may adversely affect the cash flows, results of operations and financial condition

During the acquisition of the properties, the REIT entered into financing transactions with third parties and affiliates. These financing agreements will require payment of principal and interest. There are several rules in German and Luxembourg tax laws restricting the tax deductibility of interest expenses for corporate income and municipal trade tax purposes. Such rules have been changed considerably on several occasions in recent past. As a result, major uncertainties exist as to the interpretation and application of such rules, which are not yet clarified by the tax authorities and the tax courts. The tax deductibility of interest expenses depends on, among other things, the details of the security structure for debt financings, the annual amount of tax net-debt interest, the amounts and terms of unitholder or affiliate financings and our general tax structure. There is a risk of additional taxes being triggered on the rental income and capital gains in case the tax authorities or the tax courts adopt deviating views on the above. If this were the case, this would result in a higher tax burden and, consequently, could have a material adverse effect on cash flows, financial condition and results of operations and ability to pay distributions on the Units. In France, and assuming that interest rates on group loans are arm's length, tax laws restricting the deductibility of interest expenses for corporate income tax purposes should have no impact since INOPCI 1 is exempt from corporate income tax provided it complies with its distribution obligations.

Changes in currency exchange rates could adversely affect the REIT's business

Substantially all of the REIT's investments and operations are conducted in currencies other than Canadian dollars; however, distributions to unitholders are paid in Canadian dollars. The REIT also raises funds primarily in Canada from the sale of securities in Canadian dollars and invests such funds indirectly through its subsidiaries in currencies other than Canadian dollars. As a

result, fluctuations in such foreign currencies against the Canadian dollar could have a material adverse effect on financial results, which are denominated and reported in Canadian dollars, and on the ability to pay cash distributions to unitholders. Active hedging programs have been implemented to offset the risk of revenue losses and to provide more certainty regarding the payment of distributions to unitholders if the Canadian dollar increases in value compared to foreign currencies. However, to the extent that the REIT fails to adequately manage these risks, including if any such hedging arrangements do not effectively or completely hedge changes in foreign currency rates, the REIT's financial results, and its ability to pay cash distributions to Unitholders may be negatively impacted.

Changes in interest rates could adversely affect cash flows and the REIT's ability to pay distributions and make interest payments

When concluding financing agreements or extending such agreements, the management's objective is to agree on terms for interest payments that will not impair desired profit and on amortization schedules and that do not restrict the ability to pay distributions to Unitholders. In addition to the variable rate portion of the leaseholds in respect of the REIT's properties, management may enter into future financing agreements with variable interest rates if the current historical low level of interest rates continues. Given the current historical low level of interest rates, there is a risk that interest rates will increase, which would result in a significant increase in the amount paid by the REIT and its subsidiaries to service debt, resulting in a decrease in distributions to Unitholders, and could impact the market price of the Units. Hedging transactions involve the risk that counterparties, which are generally financial institutions, may be unable to satisfy their obligations. If any counterparties default on their obligations under the hedging contracts or seek bankruptcy protection, it could have an adverse effect on the REIT's ability to fund planned activities and could result in a larger percentage of future revenue being subject to currency changes.

Dependence on the Asset Manager for management services

The REIT is dependent on the Asset Manager with respect to the asset management of properties and the property management of the properties. Consequently, the REIT's ability to achieve its investment objectives depends in large part on the Asset Manager and its ability to provide advice. This means that the REIT's investments are dependent upon the Asset Manager's business contacts, its ability to successfully hire, train, supervise and manage its personnel and its ability to maintain its operating systems. If the REIT were to lose the services provided by the Asset Manager or its key personnel, our investments and growth prospects may decline. The REIT may be unable to duplicate the quality and depth of management available to it by becoming a self-managed company or by hiring another asset manager.

While the Trustees have similar oversight responsibility with respect to the services provided by the Asset Manager, pursuant to the Management Agreement, the services provided by the Asset Manager are not performed by employees of the REIT, but by the Asset Manager, directly and through entities to which it may subcontract. The Fourth Amended and Restated Management Agreement has an initial term of two years expiring on March 31, 2023, but may be extended for an additional one-year term based on mutual agreement of the Asset Manager and the REIT.

Investments in, and profits and cash flows from, properties may be lost in the event of uninsured or underinsured losses to properties or losses from title defects

The REIT carries general liability, umbrella liability and excess liability insurance with limits that are typically obtained for similar real estate portfolios in France and Germany and otherwise acceptable to the Trustees. For the property risks, the REIT intends to carry "Multi-Risk" property insurance including but not limited to, natural catastrophic events and loss of rental income insurance (with at least a 12 to 18-month indemnity period). The REIT also carries boiler and

machinery insurance covering all boilers, pressure vessels, HVAC systems and equipment breakdown. There are, however, certain types of risks (generally of a catastrophic nature such as from pandemics war or nuclear accident) that are uninsurable under any insurance policy. Furthermore, there are other risks that are not economically viable to insure currently. The REIT partially self-insures against terrorism risk for the entire portfolio. The REIT has insurance for earthquake risks, subject to certain policy limits, deductibles and self-insurance arrangements. Should an uninsured or underinsured loss occur, the REIT could lose the investment in, and anticipated profits and cash flows from, one or more of its properties, but it would continue to be obligated to repay any recourse mortgage indebtedness on such properties. The REIT does not carry title insurance on the properties. If a loss occurs resulting from a title defect with respect to a property where there is no title insurance the REIT could lose all or part of its investment in, and anticipated profits and cash flows from, such property. The REIT does not carry pandemic insurance on the properties. If a loss occurs resulting from the inability of a tenant to pay rent or a restriction on the operation of a property due to government regulation related to the COVID-19 pandemic, the REIT could lose all or part of its investment in, and anticipated profits and cash flows from, such property.

IFRS reporting may result in our consolidated statement of financial position and consolidated statement of earnings being subject to volatility as the fair value of portfolio changes.

The fair value of the REIT's properties is dependent upon, among other things, rental income from current leases, assumptions about rental income from future leases reflecting market conditions, expected future cash outflow in respect of such leases, the demand for properties such as the properties, the availability and cost of financing and general economic conditions. A change in one or a combination of these factors, many of which are not controlled by the REIT, may have a material impact to the fair value of its properties. The REIT's chosen accounting policy under IFRS requires that real estate assets be recorded at "fair value" with changes in fair value being recorded in earnings in the period of change. Accordingly, the statement of financial position and the statement of earnings are subject to volatility as the fair value of its real estate portfolio changes and these changes may be material.

Reliance on partnerships

The REIT has a material non-controlling interest in partnerships with several institutional investors. These arrangements create a risk as the business objectives or economic interests of the partner, as in any joint business arrangement, may not be aligned with those of the REIT. The partner may want to make decisions that negatively affect the value of its real estate assets or income of the REIT. Such investments may involve risks that are not present in investments where a third party is not involved, including the possibility that a partner may have financial difficulties resulting in a negative impact on the investment or be liable for the actions of its third-party partner. Although the REIT may not have control over these investments and therefore, may have a limited ability to protect its position, such partnership arrangements contain terms and conditions which, in the opinion of the independent trustees, are commercially reasonable, including without limitation such terms and conditions relating to restrictions on the transfer, acquisition and sale of the REIT's and any joint venture partner's interest in the joint venture arrangement, provisions to provide liquidity to the REIT, provisions to limit the liability of the REIT and its Unitholders to third parties and provisions to provide for the participation of the REIT in the management of the joint venture arrangements. The REIT's investment in properties through joint arrangements is subject to the investment guidelines set out in the Declaration of Trust.

Income taxes

Taxation of Trusts

The REIT qualifies as a "unit trust" and a "mutual fund trust" for purposes of the Tax Act. There

can be no assurance that Canadian federal income tax laws and the administrative policies and assessing practices of the CRA respecting mutual fund trusts will not be changed in a manner that adversely affects unitholders. Should the REIT cease to qualify as a mutual fund trust under the Tax Act, the income tax consequences to the REIT and its unitholders would be materially and adversely different in certain respects.

Application of the SIFT Rules

Certain rules (the “SIFT Rules”) apply to a trust that is a “SIFT trust” as defined in the Tax Act. Provided that a trust does not own “non-portfolio property” (as defined in the Tax Act), it will not be subject to the SIFT Rules. Based on the investment restrictions of the REIT, the REIT may not acquire any non-portfolio property and, therefore, is not subject to the SIFT Rules. However, there can be no assurance that the SIFT Rules or the administrative policies or assessing practices of the CRA will not be changed in a manner that adversely affects the REIT and unitholders.

FAPI

The REIT’s “participating percentage” (as defined in the Tax Act) of “foreign accrual property income” (“FAPI”) earned by any controlled foreign affiliate (“CFA”) of the REIT must be included in computing the income of the REIT for the fiscal year of the REIT in which the taxation year of such CFA ends, subject to a deduction for grossed-up “foreign accrual tax” as computed in accordance with the Tax Act. The deduction for grossed-up “foreign accrual tax” may not fully offset the FAPI realized by the REIT, thereby increasing the allocation of income to the REIT and, therefore, the allocation of income by the REIT to unitholders.

In addition, as FAPI generally must be computed in accordance with Part I of the Tax Act as though the CFA were a resident of Canada and in Canadian currency (subject to the detailed rules contained in the Tax Act), income or transactions may be taxed differently under foreign tax rules as compared to the FAPI rules and, accordingly, may result in additional income being allocated to unitholders.

Foreign Currency

For purposes of the Tax Act, the REIT is required to compute its Canadian tax results using Canadian currency, including for purposes of computing FAPI earned by CFAs of the REIT. Where an amount that is relevant in computing a taxpayer’s Canadian tax results is expressed in a currency other than Canadian currency, such amount must be converted to Canadian currency using the rate of exchange quoted by the Bank of Canada on the day such amount first arose, or using such other rate of exchange as is acceptable to the CRA. As a result, the REIT may realize gains and losses for tax purposes by virtue of the fluctuation of the value of foreign currencies relative to Canadian dollars.

Change of Tax Law

There can be no assurance that Canadian or foreign income tax laws, the judicial interpretation thereof, the terms of any income tax treaty applicable to the REIT or its affiliates or the administrative policies and assessing practices and policies of the CRA, the Department of Finance (Canada) and any foreign tax authority or tax policy agency will not be changed in a manner that adversely affects the REIT, its affiliates or unitholders.

Non-Residents of Canada

The Tax Act may impose additional withholding or other taxes on distributions made by the REIT to unitholders who are Non-Residents. These taxes and any reduction thereof under a tax treaty between Canada and another country may change from time to time.

Taxation of the REIT and the REIT’s Subsidiaries

Although the REIT and its subsidiaries have been structured with the objective of maximizing after-tax distributions, taxes (including corporate, withholding, land transfer, and other taxes) in the various jurisdictions in which the REIT invests will reduce the amount of cash available for distribution to the REIT by its subsidiaries and, therefore, reduce the amount of cash available for distribution by the REIT to unitholders. No assurance can be given as to the future level of taxation suffered by the REIT or its subsidiaries. In addition, certain tax positions adopted by the REIT and its subsidiaries may be challenged by the CRA or a foreign taxing authority. This could materially increase the taxable income of, and taxes payable by, the REIT and its subsidiaries, and thereby increase taxable income of unitholders and/or adversely affect the REIT's financial position and cash available for distribution to unitholders.

The extent to which distributions will be non-taxable in the future will depend in part on the extent to which the REIT's subsidiaries are able to deduct depreciation, interest and loan expenses relating to the REIT's properties for purposes of the Tax Act. No assurances can be given that the CRA will agree with capital cost allowance claims by the REIT's subsidiaries and that expenses claimed by the REIT and its subsidiaries are reasonable and deductible.

Qualified Investments

Management of the REIT will endeavor to ensure that the Units continue to be qualified investments for trusts governed by a registered retirement savings plan, a registered education savings plan, a registered retirement income fund, a deferred profit sharing plan, a registered disability savings plan and a tax-free savings account, each as defined in the Tax Act (collectively, "Plans"); however, there can be no assurance in this regard. In addition, Redemption Notes or other property received on an in specie redemption of Units may not be qualified investments for Plans. The Tax Act imposes penalties for the acquisition or holding of non-qualified investments.

EIFEL Rules

The Department of Finance (Canada) released proposed amendments to the Tax Act on February 4, 2022 (the "EIFEL Rules") that are intended to limit the deduction of interest and other financing expenses to protect the Canadian tax base from erosion due to excessive debt and related expenses. If enacted as proposed, the EIFEL Rules generally are effective for taxation years ending on or after January 1, 2023. Management is currently considering the impact of the EIFEL Rules on the REIT. If the EIFEL Rules apply to limit the REIT's (or any subsidiary's) deduction of interest or other financing expenses in its computation of income or loss for the purposes of the Tax Act, the amount of taxable income allocated by the REIT to Unitholders may increase. Unitholders are advised to consult their personal tax advisors.

German Taxes

The Luxembourg SPV and Walpur-Four would be subject to municipal trade tax ("**TT**") if acting through a German permanent establishment. Management of the REIT have assumed that the Luxembourg SPV and Walpur-Four will not be subject to TT based on the REIT's current understanding of the structure. However, no assurances can be given that the Luxembourg SPV and Walpur-Four will not be subject to TT.

Luxco taxation

The REIT has restructured CanCorpEurope S.A., a public limited liability company (or "**société anonyme**") and a subsidiary of the REIT ("**Luxco**") into a Special Investment Fund within the meaning of the Luxembourg law of 13 February 2007 ("**SIF**"), with multiple compartments and variable capital ("**Société d'Investissement à Capital Variable**") subject to a tax of 0.01% (so called "taxe d'abonnement") per annum of its Net Asset Value, so that it will be eligible for dividend withholding tax at a reduced rate of 15%, as opposed to the rate of 26.5% which would otherwise apply in 2021 under domestic law. No assurance can be given that the CRA or a foreign tax

authority will not challenge certain positions taken by the REIT and the REIT's subsidiaries in connection with the restructuring of Luxco and future payments thereto.

Foreign income taxes

The REIT's subsidiaries are subject to tax either on their taxable income or on a withholding basis under applicable legislation in France, Germany, Luxembourg and the United States. These subsidiaries account for their current or recovered taxes at the current enacted and substantively enacted tax rates and use the liability method to account for deferred taxes. The tax expense related to taxable subsidiaries for the period comprises current and deferred taxes.

The REIT's subsidiaries that hold the leasehold rights on the properties located in France are established in France and should therefore be considered as tax residents in France. Under current French tax legislation, income derived from the French REIT's subsidiaries, incorporated under the form of Société Civile Immobilière subject to article 8 of the French Tax Code, and allocated to INOPCI 1 should be corporate income tax exempt in the hands of INOPCI 1 on the basis that INOPCI 1 complies with its distribution obligations. A withholding tax should be levied in France on dividend distributions made by INOPCI 1 which is OPCI (collective undertaking for real estate investment) to CCE.

TFI CanCorp Isenburg, TFI CanCorp Kösching, TFI CanCorp Stuttgart ("TFI CC"), CanCorp Cologne and Trio are established in Luxembourg as fully taxable companies, subject to annual corporate income, municipal business and net wealth taxes. There is a minimum net wealth tax in Luxembourg. Dividends and liquidation distributions derived by CCE from the French OPCI may be tax exempt in Luxembourg for corporate income tax and municipal business tax purposes. CCE will benefit from the Luxembourg participation exemption on any dividend income or liquidation proceeds received from CanCorp Duisburg, Trio, CanCorp Cologne, TFI CC and Arcueil SCS.

CCE is a Specialized Investment Fund according to the Luxembourg Specialized Investment Fund Law dated 13 February 2007 and as such is exempt from corporate income tax, municipal business tax and net wealth tax. CCE is subject to an annual subscription tax ("taxe d'abonnement") charged at an annual rate of 0.01% based on its net asset value, valued at the end of each calendar year.

Arcueil SCS is a Luxembourg partnership (société en commandite simple) fully owned by CCE, that is tax transparent for Luxembourg corporate income tax purposes, i.e. all the income and expenses are deemed to be realized directly by the sole partner.

CanCorp Duisburg ("CCD"), Trio and TFI CC are Luxembourg limited liability companies that are managed in Luxembourg and, therefore, should not be considered tax resident of Germany for German tax purposes. CCD, TFI CC, Trio, and CanCorp Cologne are collectively called the ("German Co"). However, the German Co would be subject to corporate income tax ("CIT") in Germany on their German source income (or in case German Co is a partnership and therefore transparent for CIT purposes its partners). As the German Co's rental revenues belong to German source income, such (net) income is subject to CIT, even if the German Co (and their shareholders) are not German tax residents. This is true irrespective of whether German Co is a corporation or a partnership and therefore transparent. The right to tax such income by Germany should not be waived under the double tax treaty between Germany and Luxembourg and the double tax treaty between Germany and France because the German Co's properties are located in Germany and income from German real estate is taxed in the country where the real estate is located. To determine taxable income for CIT purposes, a taxpayer may deduct certain expenses incurred in connection with its German source income (e.g., with respect to the acquisition and ownership of real property (in particular depreciation) and certain operating expenses) provided that such costs are incurred on arm's length terms.

Public Health Crises / COVID-19

COVID-19 is a global pandemic that has necessitated restrictive measures to combat the spread of the virus. These measures, which include the implementation of travel restrictions, quarantine periods and social distancing, have caused material disruptions to businesses globally, resulting in an economic slowdown. Global equity and capital markets have also experienced significant volatility. Governments have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions.

Vaccination programs and other measures to combat COVID-19 are in place across European countries, including in the cities regions where the REIT's assets are located. The REIT has proactively taken actions in response to or in furtherance of these measures and currently has in place, in response to such measures and local conditions, where applicable, measures such as: protocols for social distancing, hand sanitization and the wearing of facemasks; closure of certain non-essential indoor common areas; and conducting tours for prospective tenants on an appointment only basis, which actions the REIT may continue to take.

Notwithstanding the COVID 19 pandemic, such measures have not had a material impact on the REIT, and management believes that the REIT's performance will continue to be stable or strengthen in the foreseeable future and over the longer term. Nonetheless, given the unpredictable nature of the COVID-19 pandemic, any continuation or intensification of such pandemic or related government measures, could in the future have an adverse effect (which effect could be material) on the REIT's financial condition, results of operations and cash flows due to the following factors, or others:

- Weaknesses in national, regional or local economies may prevent tenants from paying rent in full or on a timely basis.
- A reduction in tenant demand for space due to a general decline in business activity and discretionary spending could adversely affect the value of the REIT's assets. This could lead to an impairment of the REIT's real estate investments. In addition, the REIT may be unable to complete planned development of land for expansion or other capital improvement projects on a timely basis or at all or the inability of third party contractors to continue to work on construction projects.
- A general decline in business activity or demand for real estate transactions could adversely affect the REIT's ability or desire to acquire additional assets.
- The financial impact of the COVID-19 pandemic could negatively impact the REIT's ability to comply with financial covenants in its credit arrangements and result in a default and potentially an acceleration of indebtedness. Such noncompliance could negatively impact the REIT's financial position and its ability to make additional borrowings under its credit facilities.
- A severe disruption and instability in the global financial markets or deteriorations in credit and financing conditions may affect the REIT's ability to access capital necessary to fund business operations, including the acquisition or expansion of investment assets, or replace or renew maturing liabilities on a timely basis, on attractive terms, or at all, and may adversely affect the valuation of financial assets and liabilities.
- An outbreak of COVID-19 or other contagious illness in an asset or the market in which an asset operates could negatively impact its occupancy, reputation or attractiveness.
- The COVID-19 pandemic could negatively affect the health, availability and productivity of the Asset Manager's personnel. It could also affect the Asset Manager's ability to recruit

and attract new employees or retain current employees. An outbreak that directly affects, or threatens to directly affect, any of the assets could also deter or prevent the Asset Manager's on site personnel from reporting to work. The effects of shelter in place orders could strain the REIT's business continuity plans, introduce operational risk, including but not limited to cybersecurity risks, and impair the REIT's ability to manage its business.

- Governmental agencies that permit and approve the REIT's projects, suppliers, builders, and other business partners and third parties may be prevented from conducting business activities in the ordinary course for an indefinite period of time, which could in turn negatively affect the REIT's business.
- Disruptions caused by COVID-19 may negatively impact the market price for the equity securities of the REIT and may, in the short or long term, materially adversely impact the REIT's tenants and/or the debt and equity markets, both of which could materially adversely affect the REIT's operations and financial performance and ability to pay distributions.

Other risks, including those described elsewhere in this AIF related to changes to applicable laws and regulations, economic downturn in markets, debt financing, financing renewal, access to capital and the REIT's reliance on information technology infrastructure, and the effects of these risks on the REIT's financial condition, results of operations, cash flows, ability to make cash distributions, operations and the market price of its securities, could be exacerbated by the effects of the COVID-19 pandemic and government measures to control it, any intensification of such pandemic or measures, or any other outbreak of contagious disease.

The extent to which the COVID-19 pandemic impacts the REIT's operations, financial condition and financial results will depend on future developments, which are highly uncertain and cannot be predicted with confidence. Such future developments include the severity and duration of the pandemic, any intensification of the pandemic, the actions by governments and others taken to contain the pandemic or mitigate its impact, changes in the preferences of tenants and prospective tenants, and the direct and indirect economic effects of the pandemic and containment measures, among others. The rapid development and fluidity of this situation impedes the REIT's ability to predict the ultimate adverse impact of the COVID-19 pandemic. Nevertheless, the COVID-19 pandemic and the current financial, economic and capital markets environment, and future developments in these and other areas, present material uncertainty and risk with respect to the REIT's performance, consolidated financial condition, results of operations and cash flows.

Individual Bankruptcies

None of the REIT's Trustees or executive officers, and to the best of the Trustees' knowledge, no Unitholder holding a sufficient number of the REIT's securities to affect materially the control of the REIT, has, within the 10 years prior to the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any

proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of that individual.

Corporate Cease Trade Orders and Bankruptcies

None of the REIT's Trustees or executive officers, and to the best of the Trustees' knowledge, no Unitholder holding a sufficient number of the REIT's securities to affect materially the control of the REIT is, as at the date hereof, or has been within the 10 years before the date hereof,

- a) a director, chief executive officer or chief financial officer of any company that was subject to an order that was issued while the existing or proposed director or executive officer was acting in the capacity as director, chief executive officer or chief financial officer, or

Conflict of Interest Restrictions and Provisions

The Declaration of Trust contains "conflict of interest" provisions similar to those applicable to corporations under Section 120 of the Canada Business Corporations Act, which serve to protect unitholders without creating undue limitations on the REIT. Given that the REIT's Trustees and officers will be engaged in a wide range of real estate and other business activities, the Declaration of Trust requires each of the REIT's Trustees and officers to disclose to the REIT if he or she is a party to a material contract or transaction or proposed material contract or

transaction with the REIT or the fact that such person is a director or officer of or otherwise has a material interest in any person who is a party to a material contract or transaction or proposed material contract or transaction with the REIT. The Board of Trustees has also adopted a written code of conduct that applies to all of the REIT's Trustees, officers and employees and addresses conflicts of interests, among other fair dealing, compliance and ethical obligations of such persons.

Certain of the REIT's Trustees may have conflicts of interest as a result of their current full-time positions and these conflicts will be expressly acknowledged. See "[Risk Factors](#)".

Board Leadership

Mr. Jean-Daniel Cohen is the Chair of the Board of Trustees. The board maintains a position description for the chair that is reviewed annually and approved by the Compensation and Governance Committee and the board.

The chair directs the operations of the board. He chairs each meeting of the board and is responsible for the management and effective functioning of the board and provides leadership to the board in all matters. More specifically, the chair works in consultation with the members of executive management to, among other things, set the agenda for each board meeting; ensures that the board has all the information it needs to discuss the matters brought before it; and ensures that all of the board's responsibilities as set out in the board mandate, are being fulfilled.

The chair monitors the reports from the committees of the board to ensure the committees are fulfilling the responsibilities delegated to them by the board. The chair also chairs meetings of the unitholders and facilitates the response by management to unitholder concerns. The chair ensures that strategic plans are communicated to the board and that such plans are evaluated as to their success.

The board has the authority to appoint an independent Trustee as lead trustee if the chair of the board is non-independent. The lead trustee ensures that the board operates independently of management and that the Trustees have an independent leadership contact. The lead trustee chairs meetings of the independent Trustees. The board maintains a position description for the lead trustee. The lead trustee meets periodically with the other independent Trustees to obtain insight as to areas where the board and its committees can operate more effectively and to ensure that the board is able to discharge its responsibilities independent of management. Currently, the board does not have a lead trustee as the chair is independent.

COMMITTEES

Pursuant to the Declaration of Trust, the Board of Trustees has established three committees: the Audit Committee, the Compensation and Governance Committee and the Investment Committee. Each Committee is to be composed of at least three Trustees, all of whom must be independent Trustees and a majority of whom must be residents of Canada. The nominees for election as Trustees are determined by the Compensation and Governance Committee in accordance with the provisions of the Declaration of Trust and the Charter of the Compensation and Governance Committee.

A copy of the written charter for the Audit Committee is attached to this AIF as Schedule A. In 2021, the charter was update to include the committee’s responsibility to contribute to the Board of Trustee’s oversight of environmental, social and governance matters (“ESG”) by reviewing the status of the ESG strategy, plans and policies, measurements, financials and disclosures and to review and assess any ESG gaps or risks and provides recommendations to the Board.

All of the members of the Audit Committee are financially literate and independent (as such terms are defined in NI 52-110).

The Trustees have appointed an Audit Committee of three members consisting of, namely, Mr. Waxman who is the Chair of the Audit Committee, Mr. Cohen and Ms. Pacaud. Ms. Pacaud is a Chartered Professional Accountant and has an ICD.D designation from the Rotman School of Management, Directors Education.

The Audit Committee pre-approves the nature and fees of any non-audit services to be provided

to the REIT by the external auditors and considers whether the nature and extent of such services could detract from the independence of the external auditors in carrying out the audit function. The Audit Committee also reviews the performance of any non-audit services provided by the external auditors. At no time since the commencement of the REIT's most recently completed financial year has the REIT relied on exemptions in relation to "De Minimis Non-Audit Services" or any exemption provided by Part 8 of National Instrument 52-110 – Audit Committees.

Audit Fees

The following table sets forth all services rendered by Ernst & Young LLP (and its network), the REIT's external auditor, for fees related to the REIT for each category of service for the financial year ended December 31, 2021 and 2020.

The Trustees have appointed Mr. Bonneveld, Ms. Pacaud, and Mr. Manasterski to the Investment Committee. Mr. Bonneveld is Chair of the Committee

DECLARATION OF TRUST

The Third Amended and Restated Declaration of Trust dated April 9, 2020 is available on SEDAR at www.sedar.com.

Units and Special Voting Units

The REIT is authorized to issue an unlimited number of Units and an unlimited number of Special Voting Units. Issued and outstanding Units and Special Voting Units may be subdivided or consolidated from time to time by the Trustees without notice to or approval of the Unitholders.

Trust Units

No Unit has any preference or priority over another. Each Unit represents a Unitholder's proportionate undivided beneficial ownership interest in the REIT and confers the right to one vote at any meeting of unitholders and to participate pro rata in any distributions by the REIT, whether of net income, net realized capital gains or other amounts and, in the event of termination or winding-up of the REIT, in the net assets of the REIT remaining after satisfaction of all liabilities. Units are fully paid and non-assessable when issued and are transferable. The Units are redeemable at the holder's option, and the Units have no other conversion, retraction, redemption or pre-emptive rights.

Units are redeemable at any time on demand by the holders thereof. Upon receipt of the redemption notice by the Transfer Agent and the REIT, all rights to and under the Units tendered for redemption shall be surrendered and the holder thereof will be entitled to receive a price per Unit (the "Redemption Price") equal to the lesser of: (a) 90% of the Market Price of a Unit calculated as of the date on which the Units were surrendered for redemption; and (b) 100% of the Closing Market Price calculated on the date on which the Units were surrendered for redemption. Cash payable on redemptions will be paid pro rata in cash to all Unitholders tendering Units for redemption in any month. To the extent a Unitholder is not entitled to receive cash upon the redemption of Units, then the balance of the Redemption Price for such Units will, subject to any applicable regulatory approvals, be paid and satisfied by way of a distribution in specie to such Unitholder of Redemption Notes or securities of a REIT subsidiary or other property of the REIT, as determined by the Trustees in their sole discretion.

Exchangeable Securities and Special Voting Units

The Exchangeable Securities are accompanied by Special Voting Units, which have no economic entitlement in the REIT but entitle the holder to one vote per Special Trust Unit at any meeting of the unitholders of the REIT. Special Voting Units may only be issued in connection with or in relation to Exchangeable Securities for the purpose of providing voting rights with respect to the REIT to the holders of such securities. Special Voting Units will be issued in conjunction with Exchangeable Securities to which they relate, and will be evidenced only by the certificates representing such Exchangeable Securities. Special Voting Units are not transferable separately from the Exchangeable Securities to which they are attached and will be automatically transferred upon the transfer of such Exchangeable Securities. Each Special Trust Unit will entitle the holder thereof to that number of votes at any meeting of unitholders that is equal to the number of Units that may be obtained upon the exchange of the Exchangeable Securities to which such Special Trust Unit is attached. Upon the exchange or surrender of an Exchangeable Security for a Unit, the Special Trust Unit attached to such Exchangeable Securities will automatically be redeemed and cancelled for no consideration without any further action of the Trustees, and the former holder of such Special Trust Unit will cease to have any rights with respect thereto. Special Voting Units shall not be transferable separately from the Exchangeable Securities to which they relate and will automatically be transferred upon the transfer of any such Exchangeable Securities. Special Voting Units may only

be transferred to permitted transferees of Special Voting Units. At December 31, 2021, there were 938,036 Exchangeable Securities outstanding.

Limitation on Non-Resident Ownership

Since the REIT does not own taxable Canadian property (as defined in the Tax Act) it is not subject to restrictions on the REIT's ownership by non-Canadian investors.

UNITHOLDER RIGHTS PLAN

On April 13, 2020, the Board approved the Rights Plan which had been approved by the TSX. The Rights Plan was subsequently ratified by Unitholders at the Annual and Special Meeting held on May 13, 2020.

The primary objectives of the Rights Plan are to ensure, to the extent possible, the equal treatment of all Unitholders in connection with any take-over bid for the Units and, in the event of an unsolicited take-over bid, to provide the Board with sufficient time to evaluate the bid and to explore and develop alternatives.

While the existing legislative framework for take-over bids in Canada has addressed many concerns related to unequal treatment of Unitholders, there will continue to be a role for rights plans in protecting the REIT and protecting against unequal treatment of Unitholders. In particular, some remaining areas of concern include:

- protecting against “creeping bids” (the accumulation of more than 20 percent of the Units through purchases exempt from the Canadian take-over bid regime, such as (i) purchases from a small group of Unitholders under private agreements at a premium to the market price, resulting in a change of control transaction without the payment of a premium to all Unitholders, (ii) acquiring control or effective control through the slow accumulation of Units over a stock exchange without the payment of a control premium, or (iii) through other transactions outside of Canada without regard to the take-over bid protections of Canadian securities laws), and requiring the bid to be made to all Unitholders; and
- preventing a potential acquiror from entering into lock-up agreements with existing Unitholders prior to launching a take-over bid, except for permitted lock-up agreements as specified in the Rights Plan.

The Rights Plan is similar to other security holder rights plans adopted by other Canadian real estate investment trusts, income trusts and corporations.

Terms of the Rights Plan

General

To implement the Rights Plan, the Trustees will authorize the issuance of one right (a “**Plan Right**”) in respect of each Unit when issued. Each Plan Right entitles the registered holder to purchase from the REIT one Unit for the Exercise Price, subject to adjustment as set out in the Rights Plan. In the event of an occurrence of a Flip-in Event (as defined below), each Plan Right entitles the registered holder to purchase from the REIT that number of Units that have an aggregate Market Price (as defined in the Rights Plan) on the date of consummation or occurrence of such Flip-in Event equal to twice the Exercise Price (as defined in the Rights Plan), in accordance with the terms of the Rights Plan, for an amount in cash equal to the Exercise Price, subject to certain adjustments. The Plan Rights are not exercisable prior to the Separation Time (as defined below). The issuance of the Plan Rights will not affect reported earnings per Unit until the Plan Rights separate from the underlying Units and become exercisable. The issuance of Plan Rights will not change the manner in which Unitholders currently trade their Units.

The Rights Plan must be reconfirmed by a resolution passed by a majority of greater than 50% of

the votes cast by all Unitholders at every annual meeting of Unitholders. If the Rights Plan is not so reconfirmed, the Rights Plan and all outstanding Plan Rights shall terminate and be void and of no further force and effect, provided that such termination shall not occur if a Flip-in Event that has not been waived pursuant to the Rights Plan has occurred prior to such annual meeting. Under the Rights Plan, the Exercise Price is an amount equal to three times the Market Price (as defined in the Rights Plan).

Flip-in Event

A “**Flip-in Event**” means a transaction as a result of which a Person becomes an Acquiring Person (as defined below). On the occurrence of a Flip-in Event, any Plan Rights Beneficially Owned on or after a date determined in accordance with the Rights Plan by an Acquiring Person (including any affiliate or associate thereof or any Person acting jointly or in concert with an Acquiring Person or any affiliate or associate of an Acquiring Person) and certain transferees of Plan Rights will become void and any such holder will not have any right to exercise Plan Rights under the Rights Plan and will not have any other rights with respect to the Plan Rights.

Acquiring Person

An “**Acquiring Person**” is, generally, a Person who is the Beneficial Owner of 20% or more of the then outstanding Units of the REIT. Under the Rights Plan there are various exceptions to this rule, including that an Acquiring Person: (i) shall not include: (A) the REIT or a subsidiary of the REIT, and (B) an underwriter or selling group member during the course of a public distribution, and (ii) may not, in certain circumstances, include a Person who becomes the Beneficial Owner of 20% or more of the outstanding Units as a result of any one of certain events or combinations of events that include: (A) a Unit reduction through an acquisition or redemption of Units by the REIT, and (B) an acquisition of Units made pursuant to a Permitted Bid (as defined below) or a Competing Permitted Bid.

Beneficial Ownership

A Person is deemed to be the “**Beneficial Owner**” of, and to “**Beneficially Own**”, Units in circumstances where that Person or any of its affiliates or associates: (i) is the owner of the Units at law or in equity, or (ii) in certain circumstances, has the right to become the owner at law or in equity where such right is exercisable within 60 days and includes any Units that are Beneficially Owned by any other Person with whom such Person is acting jointly or in concert. Under the Rights Plan there are various exceptions to this rule, including where a Person:

- a) has agreed to deposit or tender Units to a take-over bid pursuant to a permitted lock-up agreement in accordance with the terms of the Rights Plan; or
- b) is an investment fund manager or a trust company acting as trustee or administrator who holds such Units in the ordinary course of such duties for the account of another Person or other account(s), an administrator or trustee of one or more registered pension funds or plans, a crown agent or agency, a manager or trustee of a certain mutual funds or a Person established by statute to manage investment funds for employee benefit plans, pension plans, insurance plans or various public bodies, provided that such Person is not making and has not announced an intention to make a take-over bid alone or acting jointly or in concert with any other Person, other than an Offer to Acquire Units (as defined in the Rights Plan) pursuant to a distribution by the REIT, by means of a Permitted Bid, or by means of ordinary market transactions executed through the facilities of a stock exchange or organized over-the-counter market.

Lock-Up Agreements

A bidder, any of its affiliates or associates or any other Person acting jointly or in concert with the bidder may enter into lock-up agreements (each, a “Lock-up Agreement”) with the REIT’s

Unitholders (each, a “**Locked-up Person**”) whereby such Locked-up Persons agree to tender their Units to the take-over bid or otherwise commit to support a control transaction (the “**Subject Bid**”) without a Flip-in Event occurring. Any such agreement must permit the Locked-up Person to withdraw their Units from the lock-up to tender to another take-over bid or support another transaction that (i) will provide greater value to the Locked-up Person than the Subject Bid or (ii) contains an offering price per Unit that exceeds by as much or more than a specified amount (a “**Specified Amount**”) the value offered under the Subject Bid, and does not provide for a Specified Amount that is greater than 7% of the value offered under the Subject Bid.

Under a Lock-up Agreement no “break-up” fees, “top-up” fees, penalties, expense reimbursement or other amounts that exceed in aggregate the greater of: (i) 2.5% of the value payable to the Locked-up Person under the Subject Bid; and (ii) 50% of the amount by which the value payable to the Locked-up Person under another take-over bid or transaction exceeds what such Locked-up Person would have received under the Subject Bid; can be payable by such Locked-up Person if the Locked-up Person fails to deposit or tender their Units to the Subject Bid or withdraws such Units previously tendered thereto in order to tender such Units to another take-over bid or participate in another transaction.

Permitted Bid

A Flip-in Event will not occur if a take-over bid is structured as a Permitted Bid. A Permitted Bid is a take-over bid made by means of a take-over circular, which also complies with the following provisions:

- a) the take-over bid is made to all registered Unitholders of the REIT, wherever resident, other than the Person making the bid;
- b) the take-over bid contains, and the take-up and payment for securities tendered or deposited thereunder is subject to, irrevocable and unqualified conditions that:
 - i) no Units will be taken-up or paid for pursuant to the take-over bid: (A) before the close of business on a date that is not less than 105 days following the date of the take-over bid or such shorter minimum initial deposit period that a non-exempt take-over bid must remain open for deposits, in the applicable circumstances at such time, pursuant to NI 62-104; and (B) then only if, at the close of business on such date, the Units deposited or tendered pursuant to the take-over bid and not withdrawn constitute
 - ii) more than 50% of the Units outstanding which are held by “independent unitholders” (as defined in the Rights Plan);
 - iii) unless the take-over bid is withdrawn, Units may be deposited pursuant to the take-over bid at any time before the close of business on the date of the first take-up of or payment for Units;
- c) any Units deposited pursuant to the take-over bid may be withdrawn until taken-up and paid for; and
- d) if the requirement in clause (b) (i) (B) is satisfied, the Person making the bid will make a public announcement of that fact and the take-over bid will remain open for deposits and tenders of Units for not less than ten days from the date of such public announcement.

Trading of Rights

Until the Separation Time (as defined below), the Plan Rights will be evidenced by the associated issued and outstanding Units of the REIT. The Rights Plan provides that, until the Separation Time, the Plan Rights will be transferred with, and only with, the associated Units. Until the Separation Time, or earlier termination or expiration of the Plan Rights, each new Unit certificate issued after the applicable record time, if any, will display a legend incorporating the terms of the

Rights Plan by reference. As soon as practicable following the Separation Time, separate certificates evidencing the Plan Rights ("**Plan Rights Certificates**") will be mailed to registered Unitholders, other than an Acquiring Person and in respect of any Plan Rights Beneficially Owned by such Acquiring Person, as of the close of business at the Separation Time, and thereafter the Plan Rights Certificates alone will evidence the Plan Rights.

Separation Time

The Plan Rights will separate and trade apart from the Units after the Separation Time until the Expiration Time. Subject to the right of the Trustees to defer it, the "Separation Time" means the close of business on the eighth business day after the earliest of: (i) the first date of a public announcement that a Person has become an Acquiring Person; (ii) the commencement or first public announcement of the intent of any Person to commence a take-over bid other than a Permitted Bid or a Competing Permitted Bid; and (iii) the date upon which a Permitted Bid or Competing Permitted Bid ceases to be such.

Waiver

Without the consent of Unitholders or, if applicable, holders of Plan Rights, the Trustees may waive the application of the Rights Plan to a Flip-in Event that would occur by reason of a take-over bid made by means of a take-over bid circular to all Unitholders of the REIT provided that, if the Trustees waive the application of the Rights Plan to such Flip-in Event, they will be deemed to have waived the application of the Rights Plan to any other Flip-in Events occurring by reason of a take-over bid made by means of a take-over bid circular to all Unitholders of the REIT which is made prior to the expiry of any take-over bid in respect of which a waiver has been granted by the Trustees. The Trustees may also, subject to certain conditions, waive the application of the Rights Plan to a Flip-in Event triggered by inadvertence.

Redemption

The Trustees with the approval of a majority vote of the votes cast by Unitholders (or the holders of Plan Rights if the Separation Time has occurred) voting in person and by proxy, at a meeting duly called for that purpose, may redeem the Plan Rights at \$0.001 per Plan Right, subject to adjustment in accordance with the Rights Plan. Plan Rights will become void and be of no further effect on the date that any Person who has made a Permitted Bid, Competing Permitted Bid or Exempt Acquisition (as defined in the Rights Plan) takes up and pays for the Units pursuant to such transaction.

Power to Amend

The REIT may make amendments to the Rights Plan to correct clerical or typographical errors without the approval of the holders of Plan Rights. The REIT may make amendments to the Rights Plan to preserve the validity of the Rights Plan in the event of any change in applicable legislation, rules or regulations thereunder with the approval of the Unitholders of the REIT or, in certain circumstances, the holders of Plan Rights, in accordance with the Rights Plan. In other circumstances, amendments to the Rights Plan may require the prior approval of the Unitholders of the REIT or, the holders of Plan Rights.

Exemptions for Investment Advisors

Investment advisors (for fully managed accounts), trust companies (acting in their capacities as trustees and administrators), statutory bodies whose business includes the management of funds and administrators of registered pension plans acquiring greater than 20% of the Units are exempted from triggering a Flip-in Event, provided that they are not making, or are not part of a group making, a take-over bid.

INVESTMENT GUIDELINES AND OPERATING POLICIES

The Declaration of Trust provides for certain guidelines on investments that may be made by the REIT. The REIT's investment and operating activities are limited because the REIT's operating business is carried out by the REIT's Subsidiaries. The Investment Guidelines governing the REIT's investments in real estate and other assets and the Operating Policies governing the REIT's investments are set out below.

Investment Guidelines

Pursuant to the Declaration of Trust and other documents governing the REIT, the REIT's assets may be invested only in accordance with the following Investment Guidelines:

- 1) The REIT will only invest in units, notes and securities of the REIT Subsidiaries, amounts receivable in respect of such units, notes and securities, cash and similar deposits in a Canadian or European chartered bank or trust company;
- 2) The REIT will not make, or permit any of the REIT Subsidiaries to make, any investment that could result in: (a) the Units being disqualified for investment by Plans; (b) the REIT owning "non-portfolio property" as defined in subsection 122.1(1) of the Tax Act; or (c) the REIT ceasing to qualify as a "mutual fund trust" for purposes of the Tax Act;
- 3) Subject to the other provisions hereof, Subsidiaries of the REIT shall invest only in income-producing real property or assets (including ownership and leasehold interests) or assets ancillary thereto located outside of Canada;
- 4) Subsidiaries of the REIT will not invest in raw land (except for the acquisition of properties adjacent to the REIT's existing properties for the purpose of renovation or expansion of existing assets where the total cost of all such investments does not exceed 10% of the REIT's Gross Book Value);
- 5) Subsidiaries of the REIT may invest in a joint venture arrangement only if:
 - a) the arrangement is an arrangement pursuant to which the applicable Subsidiary of the REIT holds, directly or indirectly, an interest in real property jointly or in common with others ("joint venturers") and the arrangement is formed and operated solely for the purpose of holding a particular real property or properties; and
 - b) the joint venture arrangement provides an appropriate mechanism to enable the applicable Subsidiary of the REIT to: (i) acquire the joint venturer's interest; (ii) dispose of or otherwise liquidate its interests; or (iii) sell the entire property, unless, in each case, the joint venture arrangement is an existing arrangement that is assumed as part of a portfolio acquisition or other similar transaction;
- 6) Except for temporary investments held in cash, deposits with a Canadian or European chartered bank or trust company registered under the laws of a province of Canada, short-term government debt securities or in money market instruments of, or guaranteed by, a Schedule I Canadian chartered bank or a European chartered bank maturing prior to one year from the date of issue, Subsidiaries of the REIT may not hold securities or enter into derivative contracts other than (i) for hedging and other risk management purposes; or (ii) securities of a joint venture entity or a partnership, or any entity formed and operated solely for the purpose of carrying on ancillary activities to any real estate owned by the applicable Subsidiary of the REIT, or an entity owned by the applicable Subsidiary of the REIT formed and operated solely for the purpose of holding a particular real property or real properties; or (iii) securities of a public real estate entity;
- 7) Subsidiaries of the REIT shall not invest in rights to or interests in mineral or other natural

resources, including oil or gas, except as incidental to an investment in real property;

- 8) Subsidiaries of the REIT may invest in a mortgage or mortgage bonds (including participating or convertible mortgages) only where:
 - a) the real property which is security therefor is income-producing real property which otherwise meets the REIT's Investment Guidelines; (ii) the mortgage is a first mortgage registered on title to the real property which is security therefor; (iii) the amount of the mortgage loan is not in excess of 75% of the appraised market value of the property securing the mortgage; and (iv) the aggregate value of the REIT's investments in mortgages, after giving effect to the proposed investment, will not exceed 20% of the REIT's Gross Book Value; or
 - b) the sole intention is to use the acquisition of the mortgages as a method of acquiring control of an income-producing real property which would otherwise meet the Investment Guidelines set forth in the Declaration of Trust, provided that the aggregate value of the REIT's investments in these mortgages will not exceed 10% of the REIT's Gross Book Value and provided that the REIT has an option to acquire a 100% interest in the subject property or properties;
- 9) provided that, notwithstanding the foregoing, Subsidiaries of the REIT may invest in any mortgage, which does not satisfy either (a) or (b) above, if such investment is specifically approved by the Trustees; and
- 10) Subsidiaries of the REIT may invest an amount (which, in the case of an amount invested to acquire real property, is the purchase price less the amount of any indebtedness assumed or incurred by the REIT and secured by a mortgage on such property) up to 25% of the REIT's Gross Book Value in investments or transactions which do not otherwise comply with the REIT's Investment Guidelines, so long as the investment is outside of Canada and does not contravene Paragraph 2 above.

(collectively, the "**Investment Guidelines**")

For the purpose of the foregoing restrictions, the assets, liabilities and transactions of a corporation, trust, partnership or other entity in which the REIT has an interest will be deemed to be those of the REIT on a proportionate consolidated basis. In addition, any references in the foregoing to an investment in real property will be deemed to include an investment in a joint venture arrangement that holds real property.

Operating Policies

The Declaration of Trust and other documents governing the REIT provide that the REIT's operations and affairs must be conducted in accordance with the following Operating Policies and that the REIT will not permit any of the REIT Subsidiaries to conduct its operations and affairs other than in accordance with the following Operating Policies:

- 1) To the extent the Trustees determine to be practicable and consistent with their fiduciary duty to act in the best interests of the REIT and the REIT's unitholders, any written instrument which, in the judgment of the Trustees, creates a material obligation of the REIT must contain a provision, or be subject to an acknowledgement to the effect, that the obligation being created is not personally binding upon, and that resort will not be had to, nor will recourse or satisfaction be sought from the private property of any of the Trustees, unitholders of the REIT, annuitants or beneficiaries under a plan of which a unitholder acts as a Trustee or carrier or officers, employees or agents of the REIT, but that only property of the REIT or a specific portion thereof will be bound;
- 2) The REIT will only guarantee the obligations of Subsidiaries, provided that the REIT may

guarantee the obligations of Subsidiaries of the REIT that are general partners in partnerships that are not wholly-owned by the REIT if the REIT has received an unqualified legal opinion that the guarantee by the REIT will not cause the REIT to cease to qualify as a “mutual fund trust” for the purposes of the Tax Act;

- 3) Subsidiaries of the REIT will not enter into any transaction involving the purchase of lands or land and improvements thereon and the leasing thereof back to the vendor where the fair market value net of encumbrances of the property being leased to the vendor together with all other property being leased by Subsidiaries of the REIT to the vendor and its affiliates exceeds 15% of the REIT's Gross Book Value;
- 4) The limitation referred to in paragraph 3 above will not apply where the lessee or sublessee is, or where the lease or sublease is guaranteed by: (a) a federal, provincial, state, municipal or city government, or any agency or crown corporation thereof, of any jurisdiction; or (b) any corporation which has securities outstanding that have received and continue to hold an investment grade rating from a recognized credit rating agency at the time the lease or sublease is entered into, or at the time other satisfactory leasing or pre-leasing arrangements were entered into that is not less than “A low” or its equivalent;
- 5) Subsidiaries of the REIT may engage in construction, development or redevelopment of real property provided such real property could, on completion, meet the REIT's Investment Guidelines and Operating Policies;
- 6) To the extent that a Subsidiary of the REIT acquires a freehold interest in a property, title to such real property shall be held by and registered in the name of the relevant subsidiary of the REIT, the Trustees or in the name of a corporation or other entity majority owned, directly or indirectly, by the REIT or jointly, directly or indirectly, by the REIT with joint venturers;
- 7) Subsidiaries of the REIT will obtain and maintain at all times insurance coverage in respect of potential liabilities of Subsidiaries of the REIT and the accidental loss of value of the assets of Subsidiaries of the REIT from risks, in amounts, with such insurers, and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practices of owners of comparable properties;
- 8) The REIT shall not incur or assume any Indebtedness if, after giving effect to the incurring or assumption of the Indebtedness, the total Indebtedness of the REIT would be more than 60% of the REIT's Gross Book Value; and
- 9) Subsidiaries of the REIT shall obtain a Phase I ESA of each real property to be acquired by it and, if the Phase I ESA report recommends that a further environmental site assessment be conducted, the REIT shall have conducted such further environmental site assessments, in each case by an independent and experienced environmental consultant, and as a condition to any acquisition such assessments shall be satisfactory to the Trustees.

(collectively, the “**Operating Policies**”)

For the purpose of the foregoing Operating Policies, the assets, liabilities and transactions of a corporation, trust, partnership or other entity in which the REIT has an interest will be deemed to be owned by the REIT on a proportionate consolidated basis. In addition, any references in the foregoing to investment in property will be deemed to include an investment in a joint venture arrangement.

Amendments to Investment Guidelines and Operating Policies

Pursuant to the Declaration of Trust, the Investment Guidelines set forth above may only be amended with the approval of at least 66 2/3% of the votes cast at a meeting of unitholders of the REIT called for that purpose, except for certain amendments that may be undertaken by a majority

of the Trustees pursuant to the Declaration of Trust. Pursuant to the Declaration of Trust, the Operating Policies set forth above may only be amended with the approval of a majority of the votes cast at a meeting of unitholders of the REIT called for that purpose.
